## President Has Busy Sessions With Advisors At Camp David

President Eisenhower met with his Cabinet and White House staff in a rustic mountain lodge today for an intensive work session on the State of the Union message he will lay before Congress in January.

Two of the President's chief speech-writing assistants — Kevin McCann and Bryce Harlow — were among the administration officials who flew in for the meeting at Camp David on a Catoctin Mountain top near Thurmont, Md.

The National Security Council met in the same setting yesterday.

**Down To Work**

Eisenhower strode up to the cabin accompanied by Secretary of State Dulles and Henry Cabot Lodge Jr., chief U. S. delegate to the U.N.

The presence of the speech-writers and other White House technicians made it plain the administration was ready for serious work on the State of the Union declaration of policy which the President gives Congress early in each session.

One of the early arrivals by air was Secretary of Agriculture Benson. Both he and presidential Press Secretary James C. Hagerty said they knew nothing about a report published in the New York Herald Tribune that demands for Benson's resignation have been blocked by the President's brother, Dr. Milton S. Eisenhower.

**Discussions Held**

Besides Benson, Postmaster General Summerfield and Secretary of the Interior McKay were the Cabinet members who flew in by helicopter today.

In the same wooded seclusion, with Marine sentries everywhere in the surrounding snow-covered forestland, Eisenhower met for two hours yesterday with the National Security Council.

There was, as usual, no announcement of what came under discussion. This meeting of the nation's top security planning board, like today's Cabinet session, was the first Eisenhower has attended since his Sept. 24 heart attack in

**At Laurel Lodge**

Both groups met in Camp David's Laurel Lodge, a weatherbeaten gray wooden building with green trim. The building is one of several on the remote mountain reservation maintained by the National Park Service and operated by the Navy for the occasional use of presidents beginning with Franklin D. Roosevelt.

Eisenhower motored the 22 miles back to his Gettysburg, Pa., country estate immediately after today's two-hour Cabinet meeting.

He played bridge last night with Secretary of State Dulles, Secretary of Defense Wilson and Secretary of the Treasury Humphrey.

They were among the security council members who remained overnight after yesterday's strategy-planning session — one that set a new fashion in transport for high governmental policy sessions.

Helicopters have been used before to ferry officials here and there — but not on yesterday's scale.

## RICHARD KRICK TALKS OF ART TO LOCAL GUILD

"I am not saying that everyone should go off the beaten track in the use of various art media but there is a value in examining these several media to stimulate one's creativity," Richard Krick, instructor in art in the Gettysburg Public Schools, said Monday night in his lecture on "Creating In The Off-The-Beaten-Track Techniques" before the Associated Arts and Craft Guild of Adams County at the YWCA.

"As far as creativity goes, one should try something outside his field. This may help the artist with some problem in his own field. It will keep the artist from becoming static."

"There are problems and issues in art and in the understanding of some media and techniques. There are many roads, alleys, directions which art may take. Quite often school children find this difficult to understand. At the beginning of a school week they learn to spell cat, cat. At the end of the week cat is still spelled cat. Four times four equals sixteen one day and it will equal sixteen on any other day. Because of this it is difficult for John and Mary when in the art

## REV. DR. COOVER PASSES AWAY MONDAY EVENING

The Rev. Melanchthon Coover, D.D., L.L.D., 94, died at the Meadow View Nursing Home, near Silver Run, Md., Monday evening at 6 o'clock where he had been a patient for five years. Prior to that he resided in Littlestown for three years.

He resided in Adams County for a half a century. He was born in Yoder Twp., near Johnstown, Pa., March 26, 1861, a son of the late Jacob and Margaret (Teeter) Coover.

Dr. Coover is best known as a clergyman, scholar and educator, having served as pastor of Christ (College) Lutheran Church here and on the faculties of Gettysburg College and the Lutheran Theological Seminary. He graduated from the schools in 1887 and 1890, respectively.

**Taught At Academy**

During his student days at the seminary he taught at Gettysburg Academy. He was pastor of Christ Church, his second pastorate, from 1901 to 1904, having come here from St. Paul's Lutheran Church at Ardmore, Pa., the pioneer Lutheran Church of Philadelphia's Main Line which recently observed its 190th anniversary.

He occupied the chair of English Bible at Gettysburg College for one year and then was elected professor at the seminary where he taught "New Testament Language and Literature" from 1905 to 1926. He served as librarian there and also lectured on the Augsburg Confession.

While at the seminary, Dr. Coover served the church as a member of the board of the Lutheran Publication Society of the General Synod Evangelical Lutheran Church. He was author of the following: "The Tempted Messiah," "Peter's Confession and Keys," a book of verse "Quest and Query," "Liturgy of the Sunday School," "Encyclopedia of Religious Education." In retirement he published a genealogy of the Kover-Coover family of his own cognate families which was printed by The Times and News Publishing Co. in 1942.

For years he was the Lutheran representative on the International Sunday School Committee. **Degrees From College**  
Dr. Coover received his A.B. and A.M. degrees at Gettysburg College. (Continued On Page 2)

## SCHOOLS READY FOR VACATION

The Thanksgiving recess will begin Wednesday for all local students with most returning to their studies on Monday. All schools are planning a program on a seasonal theme before the beginning of the recess.

Gettysburg High School will hold a Thanksgiving assembly Wednesday at 1 p.m. before dismissing at 2 o'clock. Students will return to classes Monday morning at 8:40 o'clock.

St. Francis Xavier School will begin the Thanksgiving recess Wednesday afternoon at 3:30 o'clock after each classroom has had a brief program. Students will return to school at 9 o'clock Monday morning.

Gettysburg College will dismiss classes Wednesday noon and will resume instruction Tuesday morning at 8 o'clock. The college Thanksgiving service was held Monday evening in Christ Chapel.

The Lutheran Theological Seminary will hold its regular Thanksgiving dinner tonight at 6 o'clock in the refectory. Following the dinner a service for the entire seminary family will be held at 7:30 o'clock in the Church of the Abiding Presence. Henry Brown, president of the senior class, will speak on "Thanksgiving and Compassion."

The seminary choir, under the direction of Robert Clippinger, will sing appropriate music. Instruction will resume Monday morning at 9 o'clock.

## Democrats Petition Court For Recount Of Ballots In 12 Adams County Districts

Democratic voters Monday afternoon asked the Adams County court to direct the recounting of the ballots cast for all candidates in 12 districts at the general election November 8.

Attorney Daniel E. Teeter handed up to the court 12 petitions, each signed by three persons. Each stated that, "upon information received," the petitioners "believe that error, although not manifest on the general return of votes therewith, was committed in the computation of votes cast for all offices in the said election district, or in the marking of the ballots, or otherwise in connection with the count."

Judge W. C. Sheely disqualified himself from acting on the petitions because he was a candidate at the recent election, and the matter will have to be handled by another judge.

**\$600 Is Posted**

But the 12 petitions were accompanied by the usual fee of \$50 each, a total of \$600, and it is expected that the judge will rule that the ballot boxes are to be opened. In the event no error is found, the money goes to the county to pay the cost of recounting the ballots. In the event an error is found, the money is returned to the petitioners or whoever posted it for them. Attorney Teeter turned over \$600 in cash to the court in presenting the petitions.

The districts in which the petitioners asked that the ballots be opened are: Franklin, Berwick, Aarndtsville, Biglerville, Butler, Freedom, Cumberland, Second Ward of Gettysburg, Liberty, Straban, Third Ward of Gettysburg and Latimore.

Most of these districts returned Republican majorities according to the official count. Some returned votes favoring some Republicans and some Democrats and Berwick Twp., for one, gave a majority for all Democratic candidates on the county level.

**Some Close Returns**

The change of a few votes in each of the districts could mean a change in the persons elected to two county offices. J. Blaine Bushey, Republican incumbent, has been re-elected by 49 votes over Edward J. Sneeringer, his Democratic opponent, according to the official count. Carl S. Menchey, Republican, won the register and recorder post from R. L. Pitten- turf, Democrat, by 99 votes according to the official count. If an error of 100 votes is found in the tabulation of the hundreds of votes cast in the 12 districts, these two offices could "become Democratic."

Each of the petitions was signed by three petitioners. They included: Franklin, Leo A. McKenrick, Flavus T. McKenrick, and Paul McKenrick; Aarndtsville, Clyde A. Allison, A. J. Carbaugh, M. E. Stover; Biglerville, J. Roy Diehl, J. Roy Diehl Jr. and Bessie H. Thomas; Berwick, Paul H. Leese, Ariene E. Leese, Carroll E. Utz; Butler, Francis L. Kane, Charles E. Breighner, Clyde D. Lady; Freedom, Ray Edward Herr, John J. Herr and Francis Adams; Cumberland, Elsie I. Kimple, Albert I. Kimple and Anna M. Cole; Second Ward, Elizabeth A. Lippy, Treva W. Ziegler, Grace R. Myers; Liberty, J. Walter Kugler, Raymond A. Hobbs, Stanley Kugler; Straban, Earl W. Guise, Richard E. Miller, Caroline Trostle; Latimore, Hugh I. McDermitt, J. Emory Trostle and Harry H. Mumper; Third Ward, Gertrude M. Butt, C. L. Butt and Madeline C. Chrismer.

The last time a ballot box was opened occurred about six years ago when petitioners asked a recount in Latimore Twp. The recount showed the election board had counted the ballots accurately.

**Fairfield Services Thursday Morning**

The Fairfield Union Thanksgiving service will be held Thursday morning at 8:30 o'clock in the Evangelical and Reformed Church. Rev. Lamont Woek, pastor of the Fairfield Mennonite Church, will speak. The Fairfield Community Choir, under the direction of Arthur Roth, will provide the music.

**Special Services To Be Held On Thursday**

A service of Thanksgiving will be held at St. Mark's Evangelical Reformed Church, White Run, along the Littlestown road at 9 a.m. Thanksgiving Day.

The junior church choir of Trinity Reformed Church will sing two anthems. The Juniors will meet at Trinity Church at 8:30 a.m. and drive to St. Mark's.

The Rev. Dr. Howard S. Fox will officiate and preach the sermon on "The Goodness of God." A special Thanksgiving offering will be received.

The public is invited.

## C. L. CRISWELL 86, NATIVE OF COUNTY, EXPIRES

Carey L. Criswell, 86, died this morning at 7:30 o'clock at the home of his brother and sister-in-law, Mr. and Mrs. Reynolds R. Criswell, Arendtsville with whom he resided the last year. He had been in failing health for 10 years and became seriously ill last Wednesday.

He was born and always resided in Arendtsville, a son of the late Albert C. and Isabelle (Donley) Criswell. The deceased was a tinner at his life, having learned the trade from his father over 50 years ago. He made all kinds of utensils by hand before entering into general production.

**Funeral On Saturday**

Prior to residing with his brother he resided with a niece, Mrs. Myles Deardorff, Arendtsville, for nine years. His wife, the former Mary Catherine Orner, died a number of years ago. He was a member of Trinity Lutheran Church, Arendtsville.

Surviving are a brother, Reynolds R. Arendtsville, and a sister, Mrs. Irvin L. Taylor, Cicero, Ill.

Funeral services Saturday at 2 p.m. at the Bender Funeral Home conducted by his pastor, the Rev. Robert Shantz. Internment in Fairview Cemetery, Arendtsville, Arendtsville, and Mr. and Mrs. Leo Riley, all of Littlestown, and Mr. and Mrs. Mark Williams, Baltimore.

"I thought it was a cap pistol," she said. "Even after it went off I thought it was a cap pistol. It just kept on going off. Bang. Bang."

### GLENNY SPEAKS TO ROTARY ON GAME PROBLEM

The white-tailed deer, almost extinct in Pennsylvania at the turn of the century, grew to the greatest deer herd in the United States in about 30 years, and now "is less than it was ten years ago and never again will be as great as it was then," Paul Glenny, game protector for this section of the county told the Rotary Club Monday evening at its meeting in the YWCA.

Pallbearers were Louis Rosenfeld, Richard Rosenfeld, Andrew Shorb, Paul Sutton, Guy R. McLaughlin, and James Strickhouse.

### WOMEN'S CLUB HEARS QUIGLEY DISCUSS TRIP

Congressman James M. Quigley addressed members and guests at the third anniversary dinner of the Women's Democratic Club of Adams County Monday evening at the VFW home on E. Middle St. at 7 o'clock.

Speaking about his recent trip to Europe, Congressman Quigley pointed his talk with an analysis of immigration restrictions imposed by the Walter-McCurran Act. In favor of changing the Act to include more elastic regulations regarding immigration, Quigley investigated the problem in Italy, Greece and other parts of the continent.

Invocation and Benediction were offered by the Rev. Father Anthony Kane, pastor of St. Francis Xavier Catholic Church, Gettysburg, and by the Rev. Charles Held, pastor of St. Paul's Lutheran Church, Hanney, and the Mt. Joy Lutheran Church.

**President Conducts Meeting**

Mrs. Beatrice Ballard of Biglerville, president, conducted the meeting. Mrs. Luene Rice, of Gettysburg, served as Toastmistress for the dinner.

Federation pins were presented to Mrs. Beatrice Ballard, current president, and to Mrs. Bessie Bringman, past president. Mrs. Ramsey Black, in the absence of Mrs. Atha Wise, new regional director of the Democratic Women of Pennsylvania, made the presentation.

**LOCAL FIREMEN AID CD SEARCH**

A dozen Gettysburg firemen, weary from an all-night vigil in Dillsburg, returned at 6 o'clock this morning while Civil Defense officials pondered whether the person firing flares from the depths of Dark Hollow near Dillsburg is a crank or the survivor of a plane wreck.

The Gettysburg firemen, led by Chief Donald W. McSherry, were called to the Dillsburg fire house, where rescue headquarters had been set up, at about 10 o'clock Monday night to stand by with the rescue truck and equipment. Their job would have been to go into Dark Hollow and bring out any injured survivors or bodies of the "ghost plane" wreck, if any had been found by searchers in the area.

At six o'clock this morning, when the local men were relieved, searchers had still not found any evidence of a wreck. The search has been abandoned.

**WILL AWARD \$90 CASH PRIZES IN XMAS CONTEST**

Further plans for the annual Christmas lighting and decorating contest were discussed by the Littlestown Junior Chamber of Commerce at a meeting Monday evening at Schott's Hotel. Each decorated home will be automatically entered in the contest. Ninety dollars in cash prizes will be awarded to the winners, to be selected by three out-of-town judges. The contest committee includes: Richard Selby, chairman; Wilbur M. Sennit, Emerson F. Muller, Charles R. Everhart Jr. and Albert J. Bair.

The Jaycees decided to sponsor a variety show based on the TV program "This Is Your Life." Arrangements were for a kiddie show on a date to be announced later. It was decided to entertain a Littlestown High School student at the next meeting. The student will be selected by the Student Council.

**Xmas Party December 16**

President Marvin F. Breighner announced the appointment of the following new members to standing committee: Wilbur M. Sennit, Howard O. Danner Jr. and John Sweeny, membership; Robert V. Weaver, scrapbook; Richard Selby, project planning; Thomas Wolfe and Clair J. Redding, program; Francis Gerick and Thomas Bucher, recreation and sports.

The directors decided to postpone the first meeting in January, due to the annual preaching mission services. Reports were presented by Thomas E. Craig, secretary; Francis Haines, on the recent food sale, and L. Robert Snyder, on the public skating party on Friday.

**EX-PRESIDENT OF BRAZIL HELD INCOMMUNICADO**

By FRED L. STROZIER  
RIO DE JANEIRO, Brazil (AP)—Brazil's Congress and army acted swiftly today to preserve the regime of provisional President Neuror Ramos against a bid by Joao Cafe Filho to resume the presidency.

By sizeable majorities after an all-night debate, both Houses of Congress adopted a resolution that Cafe should remain out of office until Congress decided otherwise. The national regime "now is menaced as before," said the resolution in a reference to unsettled political conditions which resulted in Ramos' installation by a bloodless army coup Nov. 10.

The army held Cafe incommunicado in his apartment. Troops surrounded the building and barred all visitors. Telephone calls to the apartment were interrupted.

Troops also guarded key government buildings but Rio remained calm. Friends of the ex-president prepared to ask the Supreme Court for an order assuring his safety.

Censo News Dispatches  
(News dispatches going abroad were being censored. Associated Press dispatches from the capital were being relayed via Sao Paulo, the big industrial center southwest of Rio along the coast.)

Cafe took a leave of absence from the presidency Nov. 8 after a heart attack, turning the job over to Chamber of Deputies President Carlos Coimbra da Luz.

The change was accompanied by rising suspicion that Cafe and Luz were planning a coup to prevent the Jan. 31 inauguration of President-elect Juscelino Kubitschek, political heir of the late dictator

**St. Joseph High To Hold Holiday Dance**

The Junior Class of St. Joseph High School, Franklinburg, will sponsor a Thanksgiving record dance Wednesday from 8 to 11 p.m. in the auditorium.

Committees are: decorations, Agnes Scott, Joan Orndorf, Elizabeth Matthews, Darlene Sanders, Sheila O'Toole, Catherine Bailey, Helen Wivell, Bonnie Topper and Alice Scott; refreshments under the supervision of Margaret Brewer, Anne Brett, Francis Linnig, and James Sanders; tickets, Dorothy Elker, Helen Wivell and Alice Scott, and manager of records and record player, Paul Wivell.

The monthly regional CSMC meeting of the Blue Ridge Conference was held Thursday, November 17, at 2:30 p.m. at St. Joseph's High School. Students from Westminster, Frederick, Hagerstown, Mt. St. Mary's Seminary, and St. Joseph College attended.

Participating in the skit were John Roddy, James Wetzel, Terrence Best, Thomas Zursahl, Charles Turner, Loretta Behr, Agnes Scott and Helen Wivell.

Members of the Freshmen Latin Class have joined the Junior Classical League, sponsored by the American Classical League of Miami University in Oxford, Ohio.

Getulio Vargas. To forestall such a coup, the war minister Gen. Henrique Teixeira Lott, engineered a bloodless army coup of his own which ousted Luz and installed Ramos, the president of the Senate.

Released From Hospital  
Cafe, who stepped up from the vice presidency after Vargas committed suicide in August, 1954, was released from the hospital yesterday after an examination by eight doctors. He promptly fired off a message to Ramos and both Houses of Congress that "the motive of my disability which led me to remove myself from the exercise of the functions."

Both the army and Congress were ready for Cafe, since such action by him had been rumored several days. Troops were rushed to key government buildings as bystanders along the streets applauded. Guards also closed in on Cafe's home to keep him inside.

The resolution to prevent his return was already before the Chamber of Deputies, which stepped up action. The bill was approved in the lower House 179-94 after midnight, then rushed to the Senate. The senators sat through the night to complete debate this morning, then approved the resolution 35-16.

**HOUSE DEBATES SOFT DRINK TAX, PUC LAW CHANGE**

HARRISBURG (AP)—A new bill before the House would impose a one cent a bottle tax on all bottled soft drinks sold, manufactured, prepared or brought into Pennsylvania for consumption.

In the first version of the bill submitted in March, the administration proposed to make public hearings mandatory in all rate cases.

**Commission Decides**

At present hearings are conducted at the discretion of the commission.

Rep. Readerer, Democratic floor leader, said the new bill, sponsored by Reps. Leven (D-Philadelphia) and Mills (D-Westmoreland), replaces the original proposal.

Sponsors of the soft drink proposal are Reps. Bazin, Kolankiewicz and Gelfand.

**Other New Bills**

Other new House bills would: Appropriate eight million dollars to the Department of Public Instruction for payment to school over 16 as pin boys in bowling alleys—Lutty (D-Allegheny).

districts for approved reimbursable school rentals—Polen (D-Washington) and McCann (D-Greene).

Set aside \$250,000 for cleaning up burning coal refuse banks—Williams (D-Washington).

Out Of The Past  
From the Files of the Star and Sentinel and The Gettysburg Times

FIFTY YEARS AGO  
Former Gettysburg Woman Marries Old Lover: Hon. B. F. Welty, Linden Mills, near Waynesboro, and Mrs. Mary E. Myers, York Road, Md., were married at Uniontown, Md., Tuesday, by the Rev. E. M. Senseney. This wedding is the outcome of a youthful romance. Mr. Welty and his bride years ago were teachers in the public schools in Frederick County, Md., and were very good friends. Both, however, married and lived in different sections, losing all sight of each other. Mrs. Welty's first wife died several years ago and not long ago she met the object of his youthful affections, who was then the widow of Mr. Myers offered his heart and hand and was accepted.

In 1891 and 1901 Mr. Welty represented Franklin County in the Pennsylvania Legislature. The bride is a daughter of the late Joseph Sherry, who owned the famous "Peach Orchard" during the battle and for a time afterwards.

Deaths And Funerals: Frank Morrison, infant son of Mr. and Mrs. Albert Rogers, died early Saturday morning. The child had not been healthy from the time of its birth. Interment was made in the Evergreen cemetery Saturday afternoon.

Wolfe: Dr. Joseph A. Wolfe, a highly respected citizen of East Berlin, died last Monday night at the advanced age of 83 years, 6 months and 3 days. He was born and raised in East Berlin.

He was a surgeon in the army during the Civil War. He not only practiced medicine but conducted a drug store for a number of years, afterward retiring from the activities of life.

He is survived by his wife, two sisters, Mrs. Ellen Myers, of Kansas, and Mrs. Jacob Resser, of East Berlin, and one brother, John Wolfe, of York.

Real Estate Sales: Saturday afternoon E. O. Currens, auctioneer, sold for L. H. Warren and Charles A. Beck, executors for the late Mrs. Elizabeth Warren, the property of deceased, the west half of the double house on Chambersburg street to Crawford Warren for \$881.

Minister Chases Tricksters: On Wednesday evening Rev. H. W. Bender, pastor of the New Chester Lutheran charge, united in marriage James Johnson, of near York Springs, and Miss Ella Wampler, of near Hunterstown. After the couple had left the parsonage a number of young men placed a rope across the road. The bride became frightened, jumped from the buggy, and ran back to the parsonage, followed shortly afterward by the groom. The Reverend gentleman got out and made a raid on the intruders when there was a lively chase between the Minister and would be catchers.

Heroic Woman: During the absence of I. H. T. Rummel and his housekeeper, Miss Topper, Saturday evening, the bake oven on the property owned by the former, along the Bonneauville road took fire and all the inflammable material about it was burned. Miss Flora Deatrick, living nearby with her little nephew Earl Deatrick, were the first on the scene. Miss Deatrick first turned the horses and cattle from the stables and then assisted in saving the other buildings from the flames. The loss is very small.

Accidents: The 11-year-old son of Joseph Hershey near Trimmer's Mill, was thrown from a colt last Friday and had a fracture and dislocation of elbow. Dr. Hoechst, East Berlin, reduced same.

Daniel Grove, of Reading township, had his spine injured by being thrown from a wagon Friday.

Local Miscellany: The famous old house on Steinwehr avenue owned by Mrs. H. B. Nixon is being repaired.

Potatoes are advancing in price and are selling at from 50 to 60 cents per bushel.

The Gettysburg Gas Company is making arrangements to lay new pipes on Carlisle and Water streets.

## Today's Talk

## FLIGHT

One of the very first wonders in Nature that came to me was the flight of birds. For hours, when a boy, I would lie down upon the grass in a field, or near a forest, and watch the flights of any birds that came within my view. I used to wish I might be in the air with them, and learn all about what they saw from that high altitude.

The flight of ducks, geese, hawks and others intrigued me. Born with all birds is a perfect knowledge of distance and direction. Many will fly for thousands of miles, alone and with great groups, and apparently think nothing of it. Especially interesting is the flight of birds when they migrate, knowing just where they are going to make their home at different seasons of the year. There are always leaders, as with the ducks, and in formations that we have copied in our great fighting planes.

Now, high in the air, we can look down from a plane and see what no one but birds formerly saw. But we are not so expert. Too many planes crash trying to make many a high mountain, and in fogs, but so do the birds in dense atmosphere. At times thousands of tiny birds have met their death by flying into the Empire State Tower in New York City. Many a rare bird has met its death in this manner.

One of the most beautiful books in my library is "Wings in the Wilderness," by Alton D. Cruckshank, Audubon Society lecturer. It is beautifully written and tells about the flight and habits of over a hundred birds. The photography is superb. You just can't adequately describe the flight of some birds, especially those that inhabit the sand dunes and tropic places, or near the smaller waters.

I can imagine taking a ride on the back of that beautiful Forster's Tern! How perfect is the flight of all birds, especially the larger ones that ply the air in such graceful fashion. What a perfect design in those wings and tail of a kingbird in flight! That phrase, "What hath God wrought," takes on a full meaning when watching the flight of birds. All birds are artists.

Tomorrow Mr. Adams will talk on the subject: "Leave Yourself Behind".

## Just Folks

**THE COMMONER**  
Want to walk life's humble way,  
Want to hear what people say  
An' to know 'em through an' through.

Know the good an' bad they do,  
Know their failures an' their joys,  
Just like younger girls and boys  
Livin' out their time o' play  
In a friendly sort o' play.

Growin' up an' growin' old  
Shouldn't we make it strange and cold.  
There's no reason I can see  
Why the boy I used to be  
Shouldn't follow right along

With his love of mirth and song.  
Wasn't over-proud back then;  
Why be over-proud with men?

Want to walk along the street  
Friend to everyone I meet,  
Don't like growin' far away  
From the friends o' yesterday.  
Or to feel that I'm too great  
To be leavin' on my gate  
Just to pass the time o' day  
With the folks who come my way.

Let me know 'em one an' all,  
Rich an' poor an' big an' small.  
Let me keep a glad hello  
For the humblest men I know.

Let me share their thoughts an' hear  
All their troubles year by year,  
An' I'll learn from them the things  
That don't reach the ears of kings.

## SEEKS HIGHER STATE AID FOR NEW SCHOOLS

By LEONARD A. UNGER

HARRISBURG (AP) — A two-year bottleneck on new school construction in Pennsylvania may soon be broken.

Chairman McCann (D-Green) of the House Education Committee said today he will press for early action on his new proposal to revise the law dealing with state aid for school construction.

Under legislation he introduced in the House last night, the current \$25 million dollar ceiling on authority-financed school construction subject to state aid would be raised immediately to \$35 million dollars.

**Annual Increase**

That ceiling then would be increased each year by 100 million dollars until it reaches \$25 million dollars in the 1958-59 school year.

The ceiling is the amount of school construction financed by the state Public School Building Authority or municipal authorities set up by local districts which would be subject to state aid.

That state aid has been running about half of the cost of project. The \$25 million dollar ceiling was first imposed by the 1953 Legislature after the lawmakers found that the cost of state aid for school construction snowballed from a quarter of a million dollars in 1949 to probably \$12 million dollars a year now.

**Classrooms Wait**

The ceiling was reached less than six months after the 1953 session ended and now more than 160 million dollars in school construction is on the drawing boards ready to be translated into classrooms as soon as the ceiling is raised.

The McCann measure also would place limits on state-financed school construction which has ranged from \$400 to \$2,100 per pupil. The Legislature's Joint State Government Commission recently reported the state is unwillingly financing the frills of one district in the same manner as the economies of another.

**New Limits**

The new limits would be \$1,100 per pupil for an elementary school and \$1,700 per pupil for a secondary school. Any money spent beyond that wouldn't be subject to state aid.

The McCann bill also fixes at the present rate the formula for computing the state aid. Future increases in state subsidies for teachers' salaries won't affect reimbursement for school construction.

## Leader's Tax Proposal Gives Revenue Dept. Broad Powers

**By LEONARD A. UNGER**  
HARRISBURG (AP)—The Leader administration's proposal for a 3½ per cent manufacturers' excise tax would give the state Revenue Department the broadest powers possible in collecting the tax.

Only the sketchiest limitations are placed on the department in determining the goods to be taxed, at what state of manufacture a product is subject to the levy and the specific nature of allowable exemptions.

The legislation, ready for introduction by Rep. Readinger (D-Bucks), imposes the tax effective Jan. 1 but leaves the details to the department in a section which says in part:

**"Any Matter Or Thing"**

"The department is hereby . . . authorized and empowered to prescribe . . . rules and regulations relating to any matter or thing pertaining to the administration

of this act . . ."

For example, the only exemption is on food and food products. It would be up to the department to say if candy is a food product or whether ice cream falls or does not fall in that category.

Although goods ultimately sold to the federal government or the commonwealth are exempt, there is nothing to provide for such an exemption to cities, boroughs, townships or school districts.

**Raw Materials**

Raw materials and partly finished goods would not be taxable. The department would have to adopt a regulation which would specifically say what would happen if:

1. A radio tube firm manufactures tubes for use in new radio sets assembled by another firm, and
2. The same manufacturer made

## GOVERNOR URGES TAX ADOPTION; ACCOMMODATION

HARRISBURG (AP)—Gov. Leader urged the General Assembly Monday to pass a 3½ per cent manufacturers' excise tax so that the state "may proceed to carry out our basic obligations to the people of Pennsylvania."

The governor, in a special message sent to the House and Senate described the proposed levy as "neither an income tax nor a retail sales tax."

With exemptions only for food, he said that tax would yield 420 million dollars for a 16-month period.

**Income Tax Best**

Leader said he believed, "just as strongly as ever, that an income tax, adjusted in some manner to ability to pay, is the best tax structure for the commonwealth and its people."

He noted that the Republican-controlled Senate, which defeated his classified income tax, "believes otherwise, and has committed to a tax on retail sales."

"To my mind," Leader said, "the proposed manufacturers' excise tax is acceptable only as a recognition of political and legislative realities. It would not be a tax program I would advocate or accept if the Democratic party had a majority in both House and Senate. Since we do not have a majority in the Senate, we must find a point of mutual accommodation with the Republican majority. This appears to be it."

## MAJOR, SHORT OF CASH, IS TRIED BEFORE MARTIAL

FT. MEADE, Md. (AP)—An Army sergeant testified yesterday he once loaned \$150 to Maj. John N. Sciolli, former executive officer of Ft. Ritchie, Md., but that the loan in no way affected his respect for the officer.

Sciolli, 34-year-old Philadelphian, went on trial before a general court martial. He is charged with violating two articles of the Uniform Code of Military Justice, one of them having to do with conduct unbecoming an officer and the other applying to conduct prejudicial to good order and discipline in the military service.

Several of the nine specifications

allege that he borrowed money from enlisted men under his command.

### Hear Court Martial

A board composed of one colonel, five lieutenants, colonels and one major is hearing the court martial at 2nd Army headquarters here.

M. Sgt. Peter J. Tell said he loaned the major the \$150 on May 19, 1954, while he was stationed at Ritchie. He said Sciolli "returned a loan 10 months later."

On cross-examination, Tell said he had the same respect then that he now has for the major and would have no reason about working under him again.

Specialist 3 C. Edwin E. Scott, chauffeur for Sciolli for about five months, said he and the major made two trips to Walter Reed Medical Center near Washington,

## DEMS JUBILANT ON TEST VOTE FOR NEW TAXES

HARRISBURG (Pa.)—House Democrats, jubilant after a victorious test vote, clung to a rigid timetable today calling for pre-Thanksgiving Day passage of the 3½ per cent manufacturers' excise tax.

Rep. Readinger, House Democratic floor leader, said debate on the measure during the day will be followed by a final vote at a special midnight session tonight.

### Labeled "Boss"

"The governor has the mind of the political boss of old when he dictates to you—when he tells you what to do like today . . . no matter how young and meek he looks on television he is getting the mind of a boss politician when he dictates like this," said Smith.

Readinger replied that it was "unfortunate" the House could not meet on Thursday, a holiday, and then declared:

"If the public thinks ill of this House for taking firm steps to pass a tax program—then the public is mistaken."

The House then went into a test vote—the Democrats winning it, 110-83—to suspend House rules which would have prohibited any

floor action for a full day after the House Ways and Means Committee approved the bill yesterday.

No sooner had the gavel fallen on this roll call than the Republican minority called for a vote on the huge \$66 million dollar school appropriation bill including \$1 million dollars for an extra teacher salary boost.

The vote was unanimously approved and the measure went back to the Senate for concurrence in a host of changes. When that bill becomes law the bottleneck will be broken on providing state aid to school districts.

In the Senate, a proposal for a constitutional amendment to allow annual sessions of the Legislature was passed finally 35-7. It went to the House.

The Senate measure, limiting the session in even-numbered years to action on finances, would have to be approved again by the 1957 Legislature before reaching vote by the people.

## ECONOMIC AID RACE BEGINS IN 'NEUTRAL' INDIA

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (Pa.)—The United States, which has helped India economically to the tune of almost \$600 million dollars in the past six years, apparently was set to coast a bit when—the Russians stepped in.

Now this country may have to open its pocketbook a little wider. Russia's Premier Bulganin and Communist party chief Khrushchev, now visiting India, have offered to "share" Russian experience in atomic energy, industry and electric power.

India, with a population of more than 350 million, is the largest non-Communist country in Asia. Like Communist Yugoslavia in Europe, India claims to be "neutral" in the power struggle between the West and Russia.

Watch Two Sides  
Both sides in that cold war want the friendship of the Indians and the Yugoslavs. Both countries are

in a position — because their friendship is so valuable — to watch the two sides bid against each other with help, actual or promised.

Between 1949 and last June 30—a six-year period — this country has helped India with \$79 million dollars in grants and loans. Of that total about \$75 million was in technical assistance and other economic aid.

The Indians also got a 190-million dollar loan to buy American wheat. The only important economic agreement between Russia and India so far was made last February when the Soviets arranged to give the Indians a loan of 190 million dollars to build a one-million-ton steel mill.

Recently Communist Czechoslovakia offered to build another one-million-ton steel mill at a cost of \$10 million dollars. The British had been studying a proposal to build such a plant when the Czechs made their bid.

Many important Indians, reportedly, do not think the Russians can give much economic assistance since they have quite a problem putting their own economy on a solid basis. That thinking may be wrong. The Russian dictatorship, where and when it thinks necessary for its long-range purposes, can skimp at home to send abroad.

MIAMI, Fla.—Antonio Galli, a merchant from São Paulo, Brazil, doesn't travel light.

When he checked into the Miami airport for a flight to Buenos Aires, he had 13 pieces of luggage weighing 862 pounds. The excess baggage charge was \$2,240, more than four times the cost of his ticket.

### VOTED SEWAGE FUND

HARRISBURG (Pa.)—The House voted unanimously last night to appropriate \$15,000 as the state's share for improvements to the sewage disposal system at Bloomsburg State Teachers College. The bill, sponsored by Reps. Strausser (R-Columbia) and Whitenight (D-Montour), now goes to the Senate.

## EXPECT POPE TO BE CANONIZED IN RECORD TIME

By FRANK BRUTTO

VATICAN CITY (AP) — More than for any other pontiff of modern times, a basis already has been established for the eventual canonization of Pope Pius XII.

Vatican sources believe that the elevation to sainthood of Pius following his death may be among the quickest in the history of the church.

The most dramatic miracle attributed publicly to the 79-year-old head of the Roman Catholic Church came with the Vatican announcement this week that Jesus Christ appeared to him in a vision during his grave illness last December.

However, well-informed Vatican sources long have said that the Vatican secretary of state has a voluminous file of letters and messages from persons telling of "prodigious facts" — miracles — that have helped them as a result of the Pope's intercession.

### MIRACLES ARE NECESSARY

No official word has ever been issued on this file, of which one source close to the pontiff once remarked: "These things will be made known after both he (the Pope) and I are dead." Such miracles normally are necessary for

both beatification and canonization.

Many appearances of the Virgin Mary have been reported in the history of the church. But a member of the Vatican's Holy Congregation of Rites—the church body responsible for the processes of canonization and its preliminary beatification — said he could not recall a previous appearance of Christ to a pontiff since Jesus appeared before St. Peter after the Resurrection.

Of the church's 260 popes, 78 so far have been made saints. These include Peter and the 24 who followed him to the papal throne, many of them martyred. But in the last 1,000 years only 12 popes have been beatified or canonized. The process, begun usually many years after the subject's death, often takes hundreds of years.

### BIGGER IN EXPERIENCE

Markedly bigger in exterior appearance, the new Studebakers have greater room inside, and trunk room has been increased by 20 per cent. The new design is described as a basic advance within auto industry trends at the same time it heightens Studebaker's reputation as postwar automotive style leader.

Mechanical innovations include an advanced automatic transmission—the new Flightomatic; special "safety-fin" brakes that increase brakedrum cooling by 100 per cent to maintain non-fade efficiency when heavily used, and a new concept in speed indicators—a color-

Studebaker's new lines include 16 models—12 in the sedan and station wagon series, and four in the volume-produced sports-type group.

Heading the nine models in the sedan series is the big President Classic four-door V8. The Classic model—more than 17 feet long and luxury-styled throughout—is powered by a new Sweepstakes 289-V8 engine with four-barrel carburetion.

Also powered by the Sweepstakes 289-V8 engine are two other sedans in the President series and the Pinehurst President station wagon.

### New Navy Planes Create Illusion

NORFOLK, Va. (AP) — The Navy is experimenting with some fast-flying hydrofoil craft which look like small planes which never take off.

The Navy isn't convinced that there is a mission for them—they make 75 miles per hour on (or over) water. They are powered by two aircraft engines. They ride on three foil-equipped struts, one under each wing and the tail. Water flowing across the foils provides the lift to skim the surface. They make twice the speed of conventional craft with the same power.

### Search Continues For Lost Freighters

BOSTON (AP) — A wide sea-air search continued today for the Liberian freighter Daytona, feared lost in gale-swept seas off the Massachusetts coast with a crew of 24 aboard.

Three Coast Guard airplanes searched in a large area about 150 miles southeast of Cape Cod. Two Coast Guard cutters—the Evergreen and Acushnet—have been on the scene since Sunday.

The Daytona was last heard from about 9 a.m. Sunday when she radioed she was listing and taking water some 75 miles east

## SLANDER SUITS ARE DISMISSED

OKLAHOMA CITY (AP) — Two \$10,000 slander suits against an Air Force officer for profanity allegedly used in lecturing two enlisted men were dismissed yesterday by Federal Judge W. R. Wallace.

Air Force sources said they were the first suits of their kind ever filed.

Wallace said language used by Lt. Col. Walter Callahan of New York was "extremely vulgar" but did not constitute slander or libel under Oklahoma law. He sustained a motion by the U. S. district attorney's office to dismiss the suits. The judge also held the enlisted men could not prove special damages.

### Separate Suits

A. Z. C. John Crozman, West Lynn, Mass., and A. Z. C. Miles Miller, Marysville, Pa., each contended in separate suits that Callahan's language tended to blacken and injure their honesty, virtue, integrity, morality and reputation and exposed them to public contempt and ridicule.

The incident occurred during the summer at Tinker Air Force Base here where all three were stationed, the enlisted men as guards. Callahan has since been transferred.

of Gloucester. The crew are mostly West Indians.

## MRS. WOODWARD TO TELL JURORS OF SHOOTING

MINEOLA, N.Y. (AP)—Mrs. William Woodward Jr., haggard and tearful, went through a three-hour police quiz last night after leaving a hospital for the first time since Oct. 30, when she shot her millionaire husband to death.

The 39-year-old widow, Ann, broke into uncontrollable sobs three times during the questioning. She stated again that the shooting was a tragic accident.

After the interrogation, authorities unofficially let it be known that it still looks like an accident to them. However, Nassau County Dist. Atty. Frank A. Gulotta and Detective Chief Stuyvesant Pinnell said they would make no official comment "in view of the fact that all evidence will be presented to the grand jury."

### Wives Immunity

Mrs. Woodward's lawyer Murray I. Gurfein has asked that the grand jury hear her story, a request which must by law be granted. The lawyer said Mrs. Woodward wants to testify and will waive immunity, making it possible to use her testimony should any case develop against her.

The widow, dressed in black, emerged late in the day from Doctors Hospital in New York City, where she had been under treatment for grief and hysteria. Flanked by her physician and Gurfein, she moved slowly and with bowed head through a curious crowd that had waited to see her come out.

### Called "Pitiful"

Her chauffeured sedan sped her from the hospital to county police headquarters here on Long Island. After three hours she left the building and had to be helped to the car. Back in New York City, she was half-carried by her lawyer and doctor into her town house on Manhattan's fashionable East Side.

Her police questioners said she was "pitiful" but declined to take advantage of a standing offer to postpone further questioning. She stuck with it to the end and was finally dismissed.

## Post Office Lifts Ban On Messages

WASHINGTON (AP)—Just in time for Christmas, the Post Office Department is relaxing its rules to permit inclusion of personal messages in packages and second-class mail. But you still have to pay extra postage.

Heretofore putting a letter inside a package made the sender liable to as much as a \$100 fine. The new arrangement is effective Monday.

All that's necessary is to note on the outside of the package that a letter is enclosed and put an additional stamp on the package.

## MOM'S CHARGES OF KIDNAPING ARE WITHDRAWN

WASHINGTON, Pa. (AP)—Mrs. Joseph McGuane yesterday withdrew her charges of kidnapping her recently married daughter and held her for four days.

The mother had identified Pounds as a former suitor of her 19-year-old daughter Maureen, who married Albert Maga Jr., 28, a soldier, last week.

Police Chief Enoch Matthews of nearby McDonald, where Mrs. McGuane lives, previously had advised the mother not to file the charges. Matthews said he had heard several conflicting stories and advised Mrs. McGuane to await further investigation before taking any action.

### Offered A Ride

The young bride said Pounds offered her a ride home from the McDonald business section last Wednesday but drove to West Virginia. She said she stayed with an aunt and uncle of Pounds at Warwood.

She was not harmed but Pounds

refused to let her telephone home. Mrs. Maga related. Pounds was not available for comment.

Pounds and Mrs. Maga returned separately to McDonald Sunday night. Pounds' brother William turned the girl to her home. Mrs. McGuane then swore out a warrant charging Pounds with kidnapping.

It was issued by a justice of the peace.

The bridegroom was given an emergency furlough from Camp Rucker, Ala., where his wife was reported missing.

## MEASLES HAVE SERIOUS SIDE FOR GROWNUPS

By DOROTHY V. WHIPPLE, M.D.  
The Associated Press

Do you know the difference between measles and German measles?

It's too bad the word measles is used for the name of two such different diseases. It's important to know these diseases apart. German measles, though a mild disease, can do serious harm during early pregnancy.

Measles, sometimes called red measles or regular measles, is a serious disease that almost everyone has some time in life. Usually it comes in childhood. It begins with a fever, cough, runny nose and red inflamed eyes. These symptoms last a few days, then a rash appears. Fevers go pretty high in measles and the youngsters are quite sick. Measles is very communicable and so often occurs in epidemics. One attack of measles usually leaves a life time immunity.

German measles, or three-day measles, on the other hand is a very mild disease. There may be a slight fever (often there is none at all) and a rash. The rash looks something like the rash of measles, but here's where the similarity ends. With German measles there is no cough, no running nose, no red eyes. The disease is mild and shortlived. The first symptom is usually the rash while with regular measles the child is sick for several days before the rash appears. When you hear the story that a child broke out with measles in school you can be pretty

sure it's German measles. With regular measles the youngster is at home in bed when the rash appears.

German measles like regular measles leaves a lifetime of immunity.

If this were the end of the story on German measles we could almost forget about such an inconsequential disease.

Unfortunately German measles has one very serious aspect. If the disease is acquired during the first three months of pregnancy it may do serious harm to the unborn baby.

The relation between German measles and injury to unborn babies was unknown until in 1941 an Australian eye doctor observed an unusual number of babies with an

eye disease which led to blindness.

Medical science has not come up with any real solution. No method

of immunizing against German measles has been found.

The best way to be safe is to have the disease in childhood. German measles is very mild. If you know of some family where there is a child sick with German measles, send your daughters over there and let them be exposed. If your daughters get the disease in childhood there is no danger they will acquire it when they grow up and have babies.

If and when any of your children get German measles be sure you keep them at home even though they are hardly sick at all. You do not want to run the risk of exposing some way of avoiding such disasters.

Since the relationship of German measles and injury to unborn babies has been definitely known, much work has been done to try and find some way of avoiding such disasters.

## MIXED COMMUNICATIONS

OMAHA (AP)—Eric Nyblom found the radio gone from the dashboard of his car. Clipped to the dashboard was a note.

It read "Thank you."

TRAVERSE CITY, Mich. (AP)—Officials of the new Clinch Park Zoo let visitors' feet do their surveying. Wherever heavy pedestrian traffic left paths between animal exhibits, sidewalks were built.

"Letting people choose their own paths should save a lot of unnecessary traffic on the grass," explained Parks Supt. Gerald Williams.

## Snake In Disguise Surprises Sisters

WARWICK, Va. (AP)—Mrs. Sadie Martin went into a bedroom to wake her sister. She saw a belt on the floor. When she reached to pick it up it coiled up. The two women killed the snake—a non-poisonous variety.

AUSTIN, Tex. (AP)—One of Austin's original old mansions was being torn down and workmen discovered a secret cellar to be used to hide from Indians. The house was built in 1857.

## TIGHTENING OF MONEY MARKET DELAYS PLANS

By FRANK O'BRIEN

WASHINGTON (AP) — A tightening of the money market after the Federal Reserve Board's severe crackdown last week on credit expansion may delay briefly announcement of plans for a 12-billion-dollar refinancing of government securities.

This was indicated today as the interest rate on 91-day Treasury bills, by which the government borrows to meet its short-term needs, bounded upward to the highest level in 22 years.

In the light of the money scarcity that development evidenced, it was learned, the Treasury is taking another look at tentative plans to announce within the next few days a program for refinancing government securities maturing Dec. 15.

The announcement now may be delayed a short time, one source said, to let the money market settle down from the effects of the reserve board action.

**No More Borrowing**

It also appeared unlikely that the Treasury would borrow any new money—in addition to the refinancing—at this time.

Increased tax receipts may have eliminated any immediate need for further new borrowing.

The Treasury's bill rate—the rate of interest it pays for 91-day borrowing—climbed steeply this week to 2.440 per cent. This exceeded the 2.416 per cent the Treasury paid in June 1953 during the stringent credit shortage of that year, and was the highest bill rate since the historic high of 4.250 per cent in the money drought of March 1933.

The bill rate is generally regarded as the quickest reflector of money availability. There are 13 issues of bills, each amounting to about \$1,600,000,000. One issue matures each week, and a new issue is reoffered in its place. The bill rate is set by offers from the money market where each weekly issue is auctioned by the Treasury.
